

St. Mark's Members

Helen Berg has been busy making touch quilts and pneumonia vests during the pandemic. On the wall behind her is a certificate for the hundreds of touch quilts she has lovingly made over the years for the Alzheimer Society. Thanks for your caring work Helen.

Betty and Ken Heipel are keeping busy outdoors; cutting and piling wood. They had just returned from cutting another large tree in the bush behind them, when we stopped by. They will stay warm and cozy this winter.
