

We wish Helen a Happy and Blessed 96th Birthday this week on November 10th. ☺
Thank you Karen, for sharing these lovely photos of your MOM and her beautiful orchids.

The fall colours were beautiful on the trees in front of St. Mark's Church.

Remembrance Day 2020

Beth Schlueter posted the following on Facebook:

"2020, marks the 75th anniversary of the end of WW2. Significant celebrations were planned for commemoration, but because of COVID-19, events have had to be planned in some other meaningful way to honour those who served and sacrificed for the freedom that we have today.

A few of my friends and I decided to take on a project as a way of remembering and so began to crochet red poppies. I figured that I would do 20 or so until a friend suggested that 75 would be a good number to commemorate the 75th anniversary. I was not deterred by this suggestion, but eagerly started to crochet with determination. I did sent out the call to other crocheters and knitters of Wellesley Township who also agreeably started their needles and hooks clicking.

As a result, a display has been finished to place at the Linwood Cenotaph for this coming Sunday, November 8 which is when the Elmira Legion will have a small private ceremony in Linwood." We will remember them.

Beth's daughter, Karen helped her out.

Barb Nowak shared this photo of examples of painted stones and the following information:

This year, for Remembrance Day, we would like to encourage the kids and families of the Township to paint stones and place them at the Local Cenotaph or on a grave at a cemetery to remember those who died for our freedom. We will set up stations around the township to pick up paint for this project. We have also provided some examples of things you could paint.

Poems, pictures and words of remembrance creatively painted upon the stones.
